Corrected to NOVEMBER 1960 PARTS LIST No. 5537

KODAK RETINA IIc, IIIc, and IIIC CAMERAS

AND

KODAK RETINA FIELD CASE, MODEL B

This revised parts list supersedes models IIc and IIIc covered in Parts List No. 5517. Parts common to all models are identified by part number and name only. Parts not common to all models are identified by the model reference.

*The old-and new-style Self Timer Springs–N-4290 are positioned as indicated. The long end of the old spring rests against the shutter hub, as shown by broken line. The long end of the new spring is formed to the Control Bulb Lever, as shown by solid line. The new-style spring eliminates the Bulb Lever Spring.
